Experience

CGI

Software Engineering Consultant | 01/2025 - Present

- Consistently deliver high-quality features and resolve bugs within existing software systems for client engagements.
- Actively contribute to agile ceremonies, including sprint planning, daily stand-ups, retrospectives, demos with stakeholders, and technical team discussions.
- Take ownership of the full software development lifecycle — from design and implementation to deployment — leveraging modern CI/CD practices in cloud-based environments.

Daugherty Business Solutions

Software Engineering Consultant | 03/2024 - 01/2025

- Delivered software improvements, bug fixes, and DevOps automation.
- Ensured seamless integration and delivery of client software solutions.
- Architected and documented technical specifications for complex systems.

STT Group / Indra

Software Developer | 11/2022 - 03/2024

- Maintained enterprise Java Web Services (SOAP and REST).
- Orchestrated the migration of on-premise environments to Oracle Cloud Infrastructure.
- Maintained and optimized Blue Prism automated processes (RPA).

Colegio Real de Panama

Computer Science Teacher | 02/2022 - 11/2022

- Administered and maintained computer laboratory equipment.
- Developed didactic strategies to facilitate student understanding of CS.
- Implemented technical support workflows for staff and students.

PanamaSTEM Education Inc

Coding Instructor / Content Creator | 01/2020 - 01/2021

- Developed educational content for robotics and programming platforms.
- Managed lead generation and appointment scheduling for service sales.
- Provided technical support and troubleshooting.

Education

Universidad Interamericana de Panama (UIP)

Bachelor's Degree in Software Development | 01/2020 - Present
